

Let's go fishing!

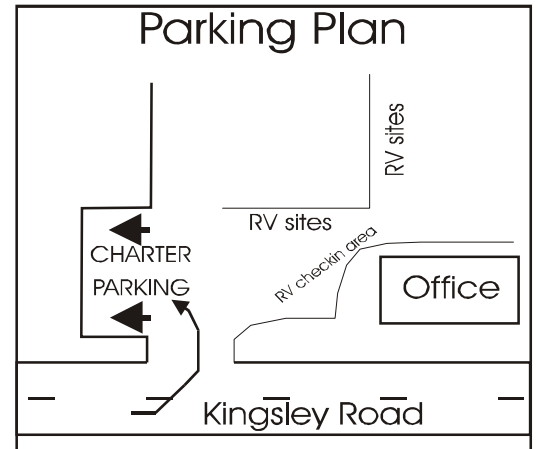

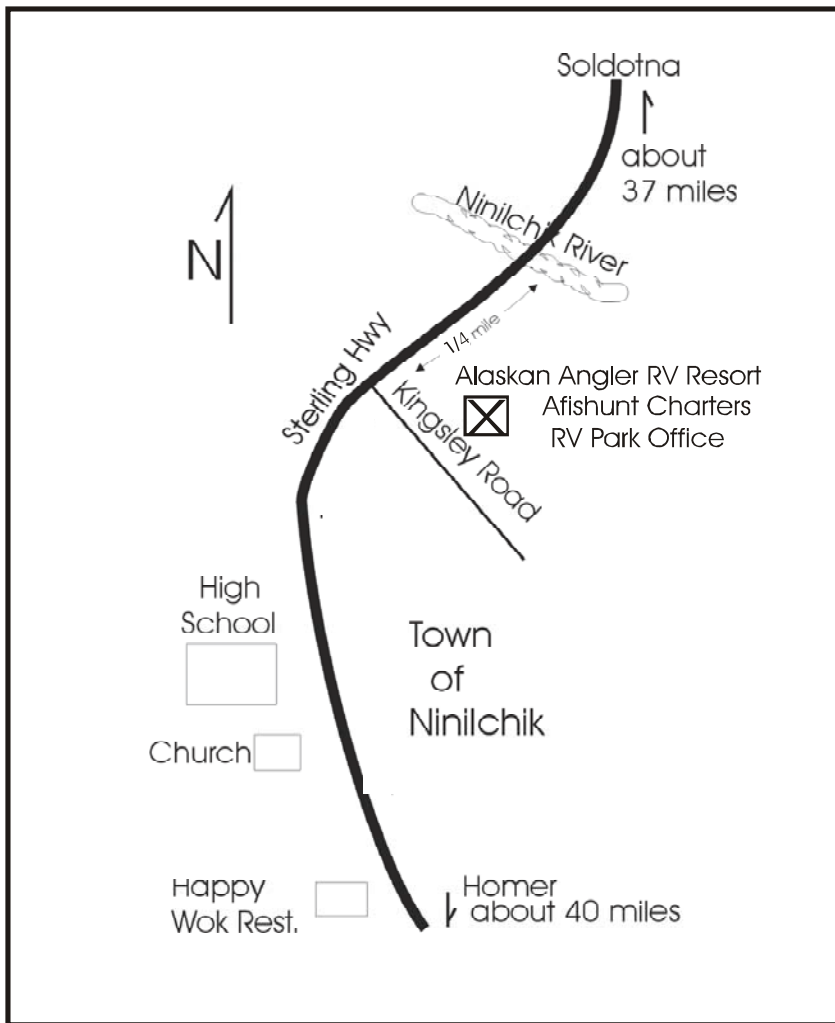

The following directions apply if you are scheduled to report to the RV park office location of Afishunt Charters

Charter company: AFISHUNT Charters

Phone: 907-567-3393

Directions: Drive south from Soldotna on the Sterling Highway to the north end of the town of Ninilchik. At mile marker 135.4, which is just after the Ninilchik River crossing, turn left on Kingsley Road. It is clearly marked. Proceed 100 yards on Kingsley and look for the large RV park on the left. It is Alaskan Angler RV Resort. Park your vehicle in the charter parking area on the immediate left as you turn into the resort.

Please do not pull up to the office and park as that would impede the flow of RV traffic at the office.

Leave your personal items in your vehicle, and walk into the office and check in for your charter. When you are assigned your boat and captain, you should then get your personal items from your vehicle and give them to our crews to load into the boat. You will ride to the boat launch in our vehicle.

We recommend you have lunch, snacks, water/beverage, warm layered clothing, and raingear. You will need a fishing license which can be purchased at our office.

We return to the office with your fish for pictures and filleting. The filleting is included in the price of the charter, but gratuities (tips) are not.

See you soon!
John Baker, AFISHUNT Charters
